Education

Degree in Computer Engineering

Fernando Pessoa University

Algorithms and Data Structures, Programming Languages, Computer Architecture, Databases, Computer Networks, Software Engineering, Distributed Systems, Operating Systems, Hardware and Sensors, Multimedia, WEB Laboratory, Integrated Design Laboratory, Mathematics, Statistics, Electronics, Physics, Numerical Analysis.

Humanistic Scientific Course in Science and Technology

Arouca Highschool

Work Experience

Collaboration Project

INSIA – Sistemas de Informação, SA

End of degree project in collaboration with INSIA within the scope of the Integrated Project Laboratory course whose objective was the development of a web application for trainers and trainees, using the ASP.NET Core MVC framework. In addition to having the opportunity to learn a new framework, I had the opportunity to have contact with the business context, as well to use Jira and Bitbucket.

Parish Coordinator (2021 Census)

Statistics Portugal

Directly responsible for coordinating the General Population Census and the General Housing Census (2021 Census) in the affected parish. My work was based on monitoring the census takers, managing their distribution throughout the parish, ensuring the correct distribution and management of all material, resolving possible conflicts or refusals, monitoring the responses given, ensuring compliance and execution of technical and management meeting deadlines and performing quality control of the data collected.

EF Standard English Test (EF SET)
- 2022 **Introduction to Cyber Security**
Simplilearn
- 2021 **Introduction to Laravel**
Udemy
- 2020 **C Course**
Sololearn
- 2018 **Forum for Innovation and Business Development**
Coimbra Engineering Academy
- 2015 **Preliminary English Test (B1)**
Cambridge University

Skills

- C
- Java
- HTML
- CSS
- JavaScript
- jQuery
- PHP
- Laravel
- Python
- ASP.NET Core MVC
- SQLite
- PostgreSQL
- RMI
- RabbitMQ
- Git
- Jira

Volunteer Work

IT for Seniores

During my final year in high school I had the opportunity to help senior citizens learn basic computer skills from a user perspective, such as searching the internet and communicating with friends and family via email, text or video call.

Any questions?

Feel free to contact me and get to know me better :)
